## NCAA COMPLIANCE

The importance of following all NCAA rules and regulations is imperative to maintaining the integrity of Wofford College and intercollegiate athletics. We ask all who are associated with the institutions athletics programs to help the College protect the spirit of competition, the athletics eligibility of our student-athletes and the reputation of the College by adhering to the rules and regulations of the NCAA and by contacting the Compliance Office or the NCAA with all questions. If you have any questions about NCAA rules, please contact Elizabeth Rabb at (864) 597-4090, the Wofford website at woffordterriers.com and click on 'Compliance,' or the NCAA at www.ncaa.org.

What is a Representative of Athletics Interests (Booster/Donor)?
All alumni, friends, and employees of the College are categorized as 'representatives of athletics interest.' The NCAA stipulates that once an individual has been identified as a 'representative' or "booster/donor" he/she retains this status forever even if the individual is no longer associated with the athletics program. Furthermore the NCAA states that it is possible for a person to be a representative of more than one institution at the same time. A representative of athletics interest may not:

- Contact a prospect's coach, principal or counselor in an effort to evaluate a prospect
- Visit the prospect's institution to pick up film or transcripts
- Contact a prospect, his/her parents, legal guardians or spouse on or off campus
- Contact a prospect by telephone or letter
- Make special arrangements to entertain a recruit
- Provide extra benefits to a prospect, student-athlete or the parents, family and/or guardians of the prospects or student-athletes

Wofford College does not discriminate on the basis of race, color, creed, religion, sex, age, national origin, disability, veteran status, sexual orientation or any legally protected status.

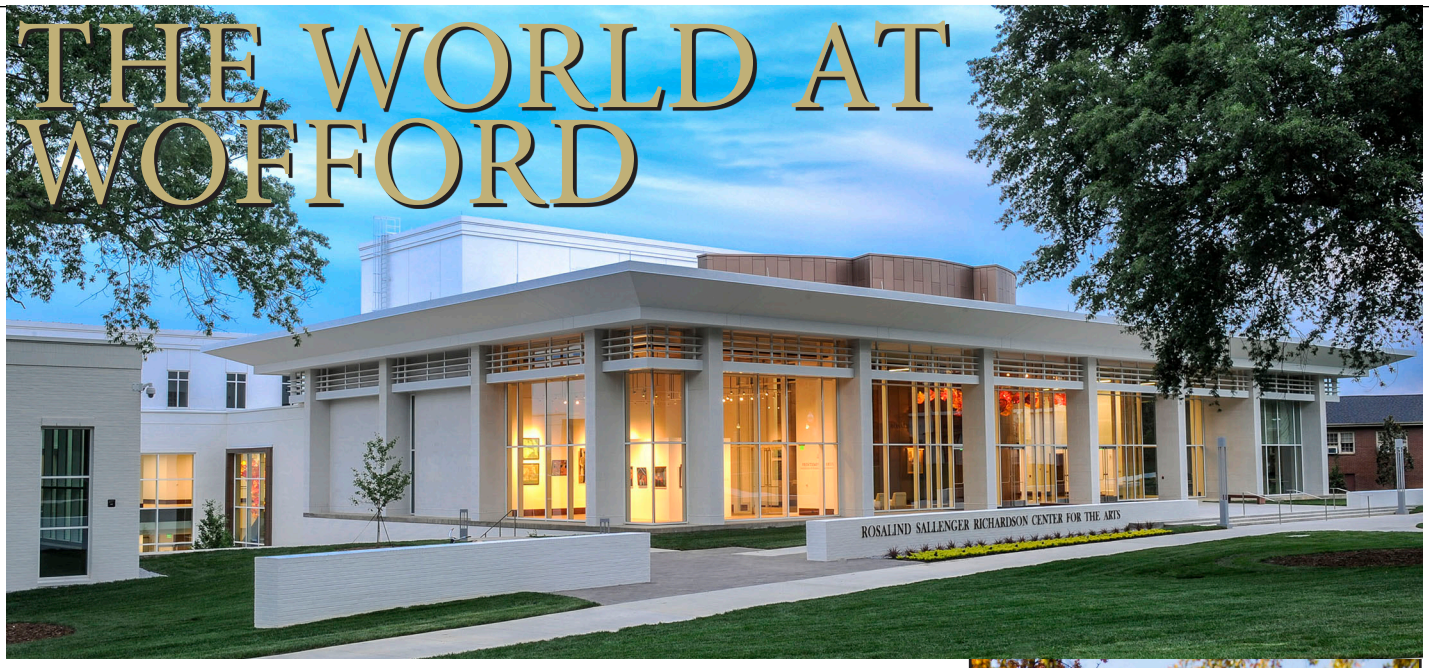
## WOFFORD COLLEGE MISSION STATEMENT

Wofford's mission is to provide superior liberal arts education that prepares its students for extraordinary and positive contributions to society. The focus of Wofford's mission is upon fostering commitment to excellence in character, performance, leadership, service to others and life-long learning.

# The World at Wofford



Wofford College, established in 1854, is a four-year, independent, residential liberal arts college located in Spartanburg, S.C. It offers a distinctive program with 25 major fields of study to a student body of 1,650 undergraduates.

Nationally known for the strength of its academic program, outstanding faculty, study abroad participation and successful graduates, Wofford ranks well in U.S. News & World Report, The Princeton Review, The Fiske Guide to College, Kiplinger's Personal Finance and the Open Doors Report on International Education Exchange, an organization that ranks Wofford #4 in the nation for study abroad participation.

Wofford has produced six Rhodes Scholars and is home to one of the nation's 283 Phi Beta Kappa chapters.

A leader in offering high-impact learning opportunities to students, Wofford encourages students to take advantage of all that Wofford, and through it the world, has to offer.

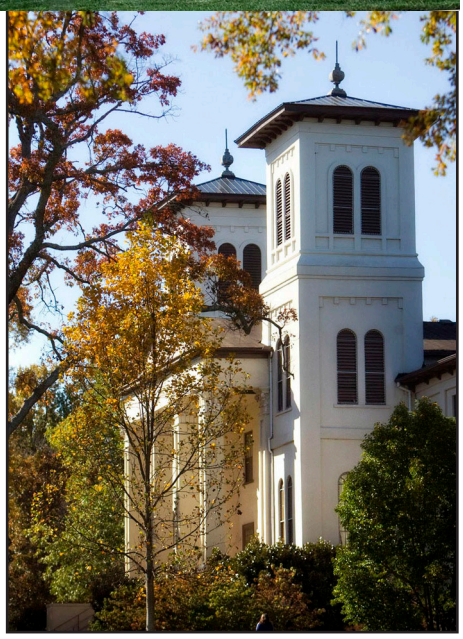
These opportunities include internships with scientific, corporate and non-profit organizations across the globe, undergraduate research opportunities, service-learning in the local community, international study abroad programming and a thriving host of co-curricular opportunities on campus.

One of those co-curricular offerings is the R. Michael James Fund, a student-managed and operated investment organization. The Space in the Mungo Center also prepares students for life after Wofford by offering professional development, career services and much more.

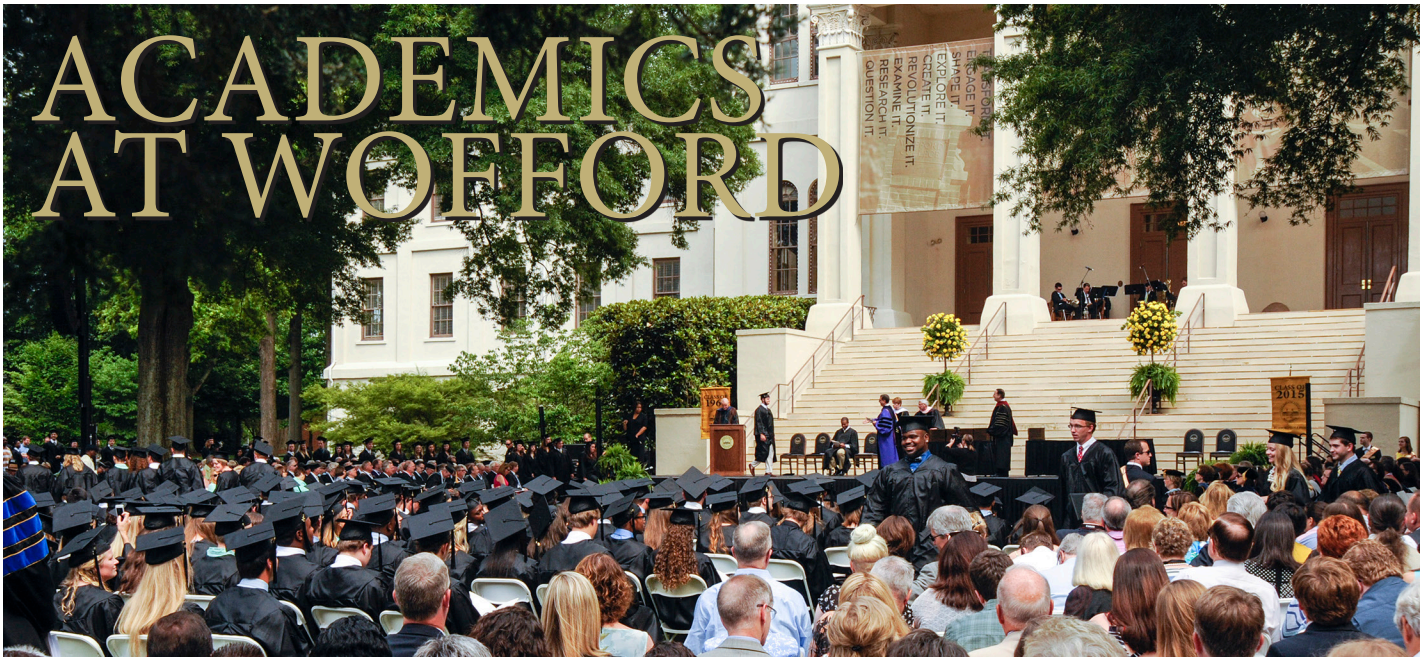
Student and residence life on campus include exciting Division I NCAA athletics, opportunities to participate in one of the college's Greek-letter fraternities or sororities, competitive intramurals, a diverse selection of clubs, student publications and a housing plan that helps students progress from first year through fourth in a close-knit community that builds independence. The residence life experience culminates in a final year in The Village, beautiful, Charlestonian-style apartments designed to help transition students from college student to successful graduate.

Thanks to the generosity of alumnus and trustee Jerry Richardson '59, the Rosalind Sallenger Richardson Center for the Arts opened in May of 2017 and the Jerry Richardson Indoor Stadium to house new basketball and volleyball arenas opened in September of 2017. The new Greek Village was completed in the spring of 2016.

Wofford's entire 175-acre campus is a national arboretum, named the Roger Milliken Arboretum at Wofford College in honor of the late longtime trustee and benefactor.



# ACADEMICS AT WOFFORD



Wofford offers distinctive learning opportunities that set it apart from other liberal arts colleges. A few of those high-impact educational experiences include:

The Interim, a January term that encourages students and faculty to explore new interests both on and off campus. A small sampling of on-campus programs include: Animal Cognition and Rat Basketball, Personal Finance, and Riding and Researching the Horse. Travel/study projects will take students to Australia, Cuba, China, Ireland, Germany, Japan and other sites around the world. Students also complete internships both locally and around the globe.

The Bonner Scholar program, a service-learning scholarship program that places deserving students in volunteer positions throughout the community.

The Space in the Mungo Center, a place where students can build upon their liberal arts education by adding professional skills desired by employers and graduate schools. The Space includes The Space to: Prepare (career services and professional development training); The Space to: Impact (a four-year scholarship program that empowers students to impact the world); The Space to: Launch (entrepreneurship support and competitions); The Space to: Consult (hands-on research, writing and problem-solving training within a consulting framework); and The Space to: Explore (in-depth global study).

Environmental Studies provides a creative and supportive learning environment that helps students pursue their goals in the field of sustainability. It operates both on Wofford's campus and at the college's Goodall Environmental Studies Center at Glendale, S.C. The property where the center is located borders 19 acres of protected green space along Lawson's Fork Creek.

Neuroscience, a program that allows students to examine the nervous system and its regulation of behavior through an experimental approach, is offered jointly by the Departments of Psychology and Biology.

Computational Science, a fast-growing interdisciplinary field that is at the intersection of the sciences, computer science and mathematics, involves learning to store, retrieve, process and visualize massive amounts of information in web-accessed databases.

The Novel Experience, a first-year reading and writing program that offers an introduction to the academic rigors of Wofford while familiarizing students with the Spartanburg community.

The Creative Writing Concentration, a program led by outstanding published faculty authors that provides additional opportunities for students to hone their creative writing skills, earn coveted prizes and become published writers. The Wofford Writers Series brings published writers to campus to augment the Creative Writing Concentration.

The Presidential International Scholar program offers an opportunity for an outstanding, intellectually gifted student to visit developing countries researching a specific academic area of interest. The student then returns to campus to share his or her experiences.

Presidential Seminar, a weekly seminar for outstanding seniors hosted by Wofford President Nayef H. Samhat. Seminar participants explore interdisciplinary subjects of current significance. The college now has a similar program for juniors.

Liberty Fellowship is a two-year leadership experience for young citizens of South Carolina with exemplary promise for societal achievement. The Liberty Fellowship is housed at the college and offered in partnership with South Carolina businessman Hayne Hipp and the Aspen Institute.

# TERRIERS IN THE PROS

Dating back to 1919 when Frank Ellerbee played baseball for the Washington Senators, Wofford alumni have made an impact in professional sports. From basketball to baseball to football, golf and soccer, Wofford alumni are making their marks in professional leagues.

William McGirt has earned over $10 million on the PGA Tour since earning his card in 2011. He won the 2016 Memorial Tournament and has played in several majors, including the 2017 Masters. Forrest Lasso is playing professional soccer with FC Cincinnati, which will join MLS next season.

In basketball, Mike Lenzly was a member of the 2012 Great Britain Olympic Team. Additional Terriers who have played overseas recently include Noah Dahlman, Drew Gibson, Junior Salters, Howard Wilkerson, Brad Loesing, Drew Crowell, Lee Skinner, Karl Cochran, Kevin Giltner, Spencer Collins and Eric Garcia.

Wofford also has been well represented in minor league baseball. Brandon Waring, Michael Gilmartin, Alex Wilson, J.D. Osborne, Luke Leftwich, Will Stillman, Matt Milburn, Spencer Kulman, Kody Ruedisili, Jacob-Condra Bogan and Adam Scott all were with teams in the last five seasons. John Cornely made his MLB debut with the Atlanta Braves in 2015.

Over the past ten years, Andy Strickland (Atlanta and Jacksonville), Tommy Irvin (Arizona), Pat Illig (Detroit), Kasey Redfern (Jacksonville, San Diego and Detroit), Alvin Scioneaux (San Diego), Brenton Bersin (Carolina), and David Marvin (Atlanta) have been in NFL training camps. Bersin won back-to-back NFC South Championships and reached Super Bowl 50 in 2016. Ameet Pall was the fifth overall pick in the 2012 Canadian Football League draft.

# RICHARDSON BUILDING

## THE RICHARDSON BUILDING

The home of the Wofford College Athletic Department since 1996 is the Richardson Physical Activities Building. The facility includes offices for the administration, football, baseball and other sports on the second floor. Also included on the second floor is an aerobic dance room, team meeting room, racquetball courts and a student-athlete lounge. Locker rooms for football, men's and women's cross country/track and field, men's and women's soccer and a training room are located on the first floor.

Wofford alumnus Jerry Richardson made donations in 2008 and 2018 that were used for enhancing the Richardson Building. Numerous improvements were made in the facility to ensure that it is one of the most advanced athletic facilities in the nation.

The most recent renovations to the building include a 1,200 square foot addition to house a new state of the art hydrotherapy suite which includes a Hydroworx aquatic therapy pool with underwater treadmill. The existing training room was relocated to adjoin the new hydrotherapy suite, which results in a much-needed increased size for the new training room. Supporting the training area are three staff offices, exam room, and state-of-the-art x-ray room. The new team meeting room is equiped with the latest video technology and a media backdrop for postgame press conferences.

The existing football locker room was expanded and upgraded. The upgrades included new paint, carpet, ceilings, and lighting. The equipment room has been reconfigured, and a new high-density storage system was purchased to increase capacity and improve efficiency in the handling of equipment. In addition to the visible improvements a new supplemental mechanical unit to control moisture and improve indoor air quality was installed, along with new HVAC controls in the entire building.

With the campus fitness center relocated to the Benjamin Johnson Arena, renovations were also made to the second floor. A second team meeting room was created with sliding glass walls to provide flexibility for a variety of uses. A student-athlete lounge was built near the racquetball courts which includes two 70-inch monitors.

The building also includes the Harley Room, a large multipurpose area overlooking Gibbs Stadium. The area hosts a wide variety of campus events during the year. On the patio, a sculpture of Jerry Richardson was dedicated on May 12, 2014 to honor him and recognize the 20th anniversary of the Carolina Panthers summer training camp being held on campus. The sculpture, created by noted California artist Todd Andrews, depicts Richardson seeming to be ready to walk over to Gibbs Stadium to watch the Terriers – for which he also played – take on the next worthy opponent.

# STRENGTH AND CONDITIONING

## THE JOE E. TAYLOR CENTER

Wofford alumnus and former South Carolina Secretary of Commerce Joe Taylor donated $1 million for the renovation of the Curry Building into the Joe E. Taylor Athletic Center. The Taylor Center features a 7,000 square foot weight room and offices for athletic department staff. The building, located next to Gibbs Stadium, was completed in June of 2009.

The weight room facility is equipped with a total of 24 racks with built-in pull-up bars and nearly 25,000 pounds of plates, dumbells and olympic weights. The 24 racks are divided, with twelve used with platforms and twelve used with benches. Additional equipment includes four pulldown machines, four low row machines, five power runners, six glute/ham machines, two decline ab machines, a leg press and exercise bike. Also included is a large area of Mondo track flooring, which is used with the step-up boxes, plyo boxes and hurdle sets in speed development.

The Taylor Center also provides offices for administration and numerous sports, including women's soccer, men's and women's golf, men's and women's tennis and cross country and track and field. A conference room and several work areas give the coaching staff much needed space.

# RICHARDSON INDOOR STADIUM

## RICHARDSON INDOOR STADIUM

A new era at Wofford began in 2018 with the opening of the Jerry Richardson Indoor Stadium. The new home of basketball and volleyball is adjacent to the north end of Gibbs Stadium, where the Terriers play football.

Wofford alumnus and trustee Jerry Richardson, Class of 1959, provided the gift to fund the facility that includes a 3,400-seat basketball arena and a 350-seat volleyball competition venue as well as offices, locker rooms, meeting rooms, training rooms and special fan areas, including several open-air suites. The facility replaces Benjamin Johnson Arena, which will continue to be used as a first-rate gymnasium for intramural and campus recreational activities.

"The Richardsons have done it again," head men's basketball coach Mike Young said. "First the Center for the Arts and now the Jerry Richardson Indoor Stadium. I'm eager to tour prospective students through both buildings to show them, as well as tell them, that Wofford student-athletes are students first."

The Jerry Richardson Indoor Stadium also has a seating capacity for non-athletics functions, such as commencement and concerts, of 4,500. The facility includes "Club 51" for club seat holders, the "Boneyard" lounge in the student section, state of the art sound system and acoustical design, along with electronic charging stations throughout the building.

## BENJAMIN JOHNSON ARENA

When the campus community bid farewell to the Benjamin Johnson Arena as the home of Wofford basketball and volleyball in 2017, it created new possibilities for student recreation and wellness. The renovated Benjamin Johnson Arena student fitness center opened in January of 2018.

"The Benjamin Johnson Arena, which opened in 1981, holds a lot of history for Wofford College, and we're glad we are able to continue to use the facility as a larger, better fitness center for our students, faculty and staff," President Nayef Samhat says. "The addition of the new Jerry Richardson Indoor Stadium provides us with this terrific opportunity to give our community a place in the Benjamin Johnson Arena to exercise both their bodies and their minds."

The lower level of the arena (once basketball and volleyball courts and bleachers) houses a new multi-sport playing surface with three courts. A walking track surrounds the perimeter of the courts. The locker rooms were completely renovated. The concourse areas have become the new student fitness center with the installation of a variety of equipment and machines.

The east concourse has weight equipment, including free weights, benches and machines. The other concourse has cardio equipment, including treadmills, stationary bikes and elliptical machines. The concourses also have open locker storage and new audio-visual equipment.

In addition to the fitness activities, Benjamin Johnson Arena is home of a comprehensive intramural, recreation, and club sports programs that encompass team sports, individual sports, fitness classes, club sports, as well as various other programs. Highlights include intramural basketball and softball, equestrian club, men's club lacrosse, club ultimate frisbee and an outdoors club.

The arena is named after Benjamin O. Johnson '30 who was a Spartanburg textile executive associated with Spartan Mills. Mr. Johnson was also a trustee of Wofford College as well as a benefactor. Wofford moved into the Benjamin Johnson Arena in 1981 after playing in adjacent Andrews Field House for 50 years. The $4.5 million arena is part of the Campus Life Building, which was designed to serve as the center of athletic, social and cultural activity on campus.

The first men's basketball contest was held on January 22, 1981, as The Citadel scored a 65-64 win over Wofford. The Terriers first win in the arena was on January 26, 1981. The men had an overall record of 334-131 in 37 seasons in the facility.

The Wofford women's basketball team fielded its first varsity team in the 1980-81 season, moving into Benjamin Johnson Arena in 1981 after playing in Andrews Fieldhouse for the first half of the season. The first women's basketball game was held on January 22, 1981, with Wofford defeating Sacred Heart 74-25.

# THE HUB CITY

The City's origins predate the Revolutionary War. Spartanburg was named for a unit of American Revolution forces called the "Spartan Rifles" who helped defeat the British at the Battle of Cowpens in 1781, under the leadership of General Daniel Morgan.

The town of Spartanburg was incorporated in 1831 and later as a city in 1880 by the 13 Original States and Tennessee. During this time Spartanburg was booming due in large part to the rapidly expanding textile industry.

In the 1870s, Spartanburg became a railroad "hub city," with mainline railroads extending from Magnolia Street depot in all directions, taking passengers and freight to Charleston, Augusta, Atlanta, Asheville, Charlotte and points beyond. As many as 90 trains per day could be seen and heard operating in Spartanburg during the golden age of the American railroad, 1900-20.

During the 1920s, Spartanburg built South Carolina's first municipal airport and claimed the state's first commercial radio station (WSPA). Its leadership in the state was reflected by the election of several residents as governor.

Thousands of U.S. soldiers bound for overseas service in World Wars I and II trained at camps in Spartanburg. The post headquarters for Camp Wadsworth (1917-19) was located at the present site of WestGate Mall, and the Camp Croft (1940-45) was located south of the city. Much of that military reservation has become Croft State Park.

After World War II, Spartanburg made a concerted effort to promote its location at the junction of Interstates 85 and 26 to international business. One of the greatest successes of this campaign was the development of the BMW manufacturing center near the Greenville-Spartanburg Airport.

Spartanburg's downtown, which always has been anchored by the campuses of Wofford and Converse Colleges, has been undergoing a major revival since the mid-1990s. In addition to the corporate headquarters for Denny's, Advance America, QS-1 and several other companies, the city has acquired a magnificant public library, the Marriott Hotel at Renaissance Park and most recently, the Chapman Arts Center and the USC Upstate George Dean Johnson School of Business. The area surrounding Morgan Square gradually is redeveloping with a variety of interesting restaurants and urban apartment-style housing.

Throughout the 20th century, textile manufacturing companies formed the backbone of the Spartanburg economy. The most significant of these companies still in operation is internationally respected Milliken & Company.

Blessed by geography and climate as well as by energetic and well-educated citizenry, Spartanburg is emerging as one of the centers of a 21st century metroplex that extends along the South Carolina portion of the I-85 corridor.

# WOFFORD ATHLETICS HALL OF FAME

Recognizing the value of athletics to Wofford College and the American way of life, the Terrier Club established a policy of administering and sustaining the Wofford College Athletic Hall of Fame.

The purpose of the Hall of Fame is to honor those who, by outstanding athletic achievement and service, have made lasting and significant contributions to the cause of sports at Wofford College, the Spartanburg community, South Carolina and the Nation.

Any Wofford College Graduate who received a letter from the Wofford College Athletic Department is eligible for selection to the Hall of Fame

# Wofford's First Win

## Lacrosse Makes History with First Win

DOVER, Del. – Ten Wofford players scored a goal, including five from freshman Hannah Mutch as the Wofford's women's lacrosse team ran away with an 18-4 victory at Delaware State. The win is the first in program history for the first year team.

With the win, Wofford improves to 1-14 overall and 1-3 in Southern Conference play, while Delaware State falls to 0-12 on the season and 0-3 in conference action.

"I'm so proud of this team and so excited for this moment," said head coach Ceri Miller. "They have worked extremely hard and it's nice to see the hard work pay off. They deserve this. Today was a great team win. Our defense and goalkeeper, Kelsey Thompson, really stepped up with some big stops and it allowed our offense to produce 10 different goal scorers."

"This win is great for our team and our momentum going forward, but it's also a great win for Wofford College and our administration and admissions department who helped get this program established and off the ground," said Miller.

Wofford's 18 goals scored is a new program high and the 10 different goal scorers is a program first.

Delaware State scored the first goal of the game three and a half minutes in, but Wofford exploded to score the next five. Seconds after the Hornets got on the board, JoJo Franklin converted on a free position shot. Mutch scored the next two, both unassisted, and put Wofford ahead 3-1. With 15:29 to go in the half, Franklin netted her second of the game on a pass from Paige Sedlar. Just seconds later, Mutch netted her third of the game and stretched the lead to 5-1.

With 10:32 left before the half, Delaware State scored to stop the Wofford run, but the Terriers finished the half with another 5-0 run. Mutch added her fourth of the half with 9:39 on the clock and less than a minute later junior Sophie Smith netted one of her own. Minutes later, Paige Sedlar became the fourth Terrier to record a goal. A minute and a half later, Hannah Wurzel scored on a man-up opportunity on a pass from Sedlar. The assist was the second of the game for Sedlar, a freshman. Wurzel added another with 1:14 to go in the half and the Terriers held a 10-2 lead at the half.

The Terriers opened the half on a 7-0 run to run the lead to 17-2. First, Smith scored on a goal from Mutch then Mutch answered with a goal on a pass from Sedlar. Monica Branch scored the first goal of her Wofford career with 24:11 to go in the game. Delaney Irwin put herself in the scoring column with a goal six minutes later. Emily Elstun scored her first of the game and third of the season with 16:36 to go and the 15-2 score held for eight minutes. Maeve Moran scored her first collegiate goal on a pass from Sedlar with just under five on the clock. Jasmine West scored for the Hornets with 3:39 to go to break the Wofford run. With two minutes to go, Jessica Borucki scored on an assist from Sedlar, her sixth of the game.

Wofford took 34 shots to Delaware State's 15, a season low by an opponent. Wofford picked up 15 groundballs to the Hornets' six and converted on 1-2 free position shots.
Kelsey Thompson recorded eight saves in the win.

## Lacrosse Wins Second Straight, Beats Howard

WASHINGTON, D.C. – For the second straight game the Wofford women's lacrosse team scored 17+ goals and had 10 different goal scorers as the Terriers ran past Howard 17-5 on Sunday afternoon. With the win, Wofford has won two in a row and improves to 2-14, while Howard falls to 1-11 with the loss. The game was a non-conference matchup for the Terriers.

Freshman Delaney Irwin led Wofford with three goals apiece. Sophie Smith, Ally Foulke, JoJo Franklin, Hannah Mutch and Paige Sedlar each scored two while Tori Saylor, Monica Branch, Ava Alvarez and Emily Elstun added one apiece.

Freshman goalkeeper Kelsey Thompson recorded 11 saves in goal for the Terriers.

Smith got the scoring started a little over four minutes in and then added another a minute later to help Wofford jump out to an early 2-0 lead. Another minute later, Irwin scored her first of the game on a free position shot. With 21:55 on the clock, Howard got on the board with a goal from Terie Young on a free position shot and pulled within two, 3-1.

Shortly after, Irwin responded with her second goal of the game, just five minutes in. The 4-1 score held for seven minutes before Mutch scored on a pass from Irwin. Less than a minute later, Sedlar converted on a free position shot and was the first of three Wofford goals scored in a minute span.

Elstun added a goal, unassisted, before Irwin scored her third of the game on a pass from Sedlar. With 10:16 left in the half, Franklin scored unassisted and then a minute and a half later Mutch tallied her second of the contest to put Wofford ahead 10-1. In the final six minutes of the half, Franklin added another and Branch earned her way into the scoring column and the Terriers held a 12-1 lead at the half.

Howard answered with a goal out of the half, but Wofford responded with two of its own. Ava Alvarez scored first before Saylor scored the first goal of her young career to keep Wofford up 12, 14-2. Howard was able to convert a free position shot to make it 14-3, but four minutes later Sedlar scored on a pass from Elstun and then Foulke scored on a free position shot for her first career goal.

In the final nine minutes of play, Howard added two goals, but Foulke added another with 3:47 on the clock on a pass from Maeve Moran and Wofford ran away with the 17-5 victory, its second double-digit win in as many games

(*) Southern Conference match

The Southern Conference, which is in its 96th season of intercollegiate competition in 2016-17, is a national leader in emphasizing the development of the student-athlete and in helping to build lifelong leaders and role models.

The Southern Conference has been on the forefront of innovation and originality in developing creative solutions to address issues facing intercollegiate athletics. From establishing the first postseason college basketball tournament (1921), to tackling the issue of freshman eligibility (1922), to developing women's championships (1984), to becoming the first conference to install the 3-point goal in basketball (1980), the Southern Conference has been a pioneer.

The Southern Conference is the nation's fifth-oldest NCAA Division I collegiate athletic association. Only the Big Ten (1896), the Missouri Valley (1907), the Pac-12 (1915) and the Southwestern Athletic (1920) conferences are older in terms of origination.

Academic excellence has been a major part of the Southern Conference's tradition. Hundreds of Southern Conference student-athletes have been recognized on CoSIDA Academic All-America and all-district teams. A total of 20 Rhodes Scholarship winners have been selected from conference institutions, most recently in 2012-13, when former Wofford volleyball player Rachel Woodlee earned the prestigious award.

The conference currently consists of 10 members in six states throughout the Southeast and sponsors 21 varsity sports and championships that produce participants for NCAA Division I Championships. The league added rifle, becoming just the second Division I conference to sponsor the sport, in 2016-17.

The Southern Conference offices are located in the historic Beaumont Mill in Spartanburg, S.C. A textile mill that was in operation from 1880 until 1999, Beaumont Mill was renovated in 2004 and today offers the league first-class meeting areas and offices as well as a spacious library for storage of the conference's historical documents.

## MEMBERSHIP HISTORY

On Feb. 25, 1921, representatives from 14 of the Southern Intercollegiate Athletic Association's (SIAA) 30 members met at Atlanta's Piedmont Hotel to establish the Southern Intercollegiate Conference. On hand at the inaugural meeting were officials from Alabama, Alabama Polytechnic Institute (Auburn), Clemson, Georgia, Georgia School of Technology (Georgia Tech), Kentucky, Maryland, Mississippi A&M (Mississippi State), North Carolina, North Carolina State, Tennessee, Virginia, Virginia Polytechnic Institute (Virginia Tech) and Washington & Lee.

Dr. S.V. Sanford of Georgia was chosen as acting chairman and N.W. Dougherty of Tennessee was named secretary. The decision to form a new athletic conference was motivated by the desire to have a workable number of conference games for each league member. With 30 schools in the SIAA by the early 1920s, it was impossible to play every school at least once during the regular season and many schools went several years between playing some conference members. In addition, in 1920, the SIAA voted down proposed rules that an athlete must be in a college a year before playing on its teams and refused to abolish a rule permitting athletes to play summer baseball for money.

Play began in the fall of 1921, and a year later, six more schools joined the fledgling league, including Tulane (which had attended the inaugural meeting but had elected not to join), Florida, Louisiana (LSU), Mississippi, South Carolina and Vanderbilt. VMI joined in 1925 and Duke was added in 1929.

By the 1930s, membership in the Southern Conference had reached 23 schools. C.P. "Sally" Miles of Virginia Tech, president of the Southern Conference, called the annual league meeting to order on Dec. 9, 1932, at the Farragut Hotel in Knoxville, Tenn. Georgia's Dr. Sanford announced that 13 institutions west and south of the Appalachian Mountains were reorganizing as the Southeastern Conference. Members of the new league included Alabama, Alabama Polytechnic Institute, Florida, Georgia, Georgia School of Technology, Kentucky, Louisiana, Mississippi, Mississippi A&M, University of the South, Tennessee, Tulane and Vanderbilt.

According to the minutes of the meeting, Dr. Sanford stated that the division was made along geographical lines. Florida's Dr. J.J. Tigert, acting as spokesman for the withdrawing group, regretted the move but believed it was necessary as the Southern Conference had grown too large. The resignations were accepted and the withdrawing schools formed the new league, which began play in 1933.

The Southern Conference continued with membership of 10 institutions, including Clemson, Duke, Maryland, North Carolina, North Carolina State, South Carolina, Virginia, VMI, Virginia Tech and Washington & Lee.

The second major shift occurred some 20 years later. By 1952, the Southern Conference included 17 colleges and universities. Another split occurred when seven schools – Clemson, Duke, Maryland, North Carolina, North Carolina State, South Carolina and Wake Forest – departed to form the Atlantic Coast Conference, which began play in 1953. The revamped Southern Conference included members The Citadel, Davidson, Furman, George Washington, Richmond, VMI, Virginia Tech, Washington & Lee, West Virginia and William & Mary.

A third major shift occurred in 2012-13, when five members announced their departures and three schools were added. College of Charleston announced its decision to leave for the Colonial Athletic Association following the 2012-13 season, while Appalachian State (Sun Belt), Davidson (Atlantic 10), Elon (Colonial) and Georgia Southern (Sun Belt) announced they would depart following the 2013-14 campaign. At the Southern Conference's 2013 spring meetings in Hilton Head Island, S.C., the league officially extended invitations to former members ETSU and VMI, as well as Mercer, to join the league for the 2014-15 academic year.

Today, the league continues to thrive with a membership that includes 10 institutions and a footprint that spans six states: Alabama, Georgia, North Carolina, South Carolina, Tennessee and Virginia. Current league members are The Citadel, ETSU, Furman, Mercer, UNCG, Samford, Chattanooga, VMI, Western Carolina and Wofford.

## CHAMPIONSHIP HISTORY

The first Southern Conference Championship held after the formation of the league was the basketball tournament in Atlanta in 1922. North Carolina won the tournament to become the first recognized league champion in any sport. The Southern Conference tournament remains the oldest of its kind in college basketball. The most recent SoCon addition, women's lacrosse, will crown its first champion in April of 2018.

The Southern Conference declares champions in 11 men's sports – football, soccer, cross country, basketball, indoor track in 1987 and indoor and track and field followed in 1988. Most recently, the conference instituted golf and softball championships in the spring of 1994 and added soccer in the and field, outdoor track and field, wrestling, baseball, lacrosse, tennis and golf – and nine women's sports – soccer, volleyball, cross country, basketball, indoor track and field, outdoor track and field, tennis, golf and softball. Rifle is a mixed sport.

At the end of the last academic year, there were approximately 2,000 four-year colleges in the United States. Only 262 of them have the right to induct their graduates into Phi Beta Kappa, the nation's most prestigious liberal arts honor society. There are five independent Phi Beta Kappa colleges and universities in the Carolinas: Wofford, Davidson, Duke, Furman and Wake Forest.

Founded at the College of William and Mary in December 1776, Phi Beta Kappa was the first of the Greek letter fraternities and adopted such rituals as the badge, the secret oath, and the special handclasp from the various secret societies of the day.

Phi Beta Kappa, however, was also devoted to the principles of "friendship, morality, and literature (or learning)," and these characteristics gradually attained the greatest emphasis. John Quincy Adams, Edward Everett and Joseph Story, members of the Harvard chapter, are credited with making the fraternity a public literary and honor society for undergraduates in the 1830's. Women were first admitted to Phi Beta Kappa in 1875 at the University of Vermont.

Wofford received its chapter at the 1940 triennial meeting, bringing to fruition more than ten years of work by three Phi Beta Kappa members who were then serving on the faculty: President Henry Nelson Snyder, Dr. David Duncan Wallace, class of 1894, and Dr. John West Harris '16, a brash and brilliant young English professor not afraid to campaign vigorously in the conviction that his alma mater deserved membership. (Dr. Harris later founded the National Beta Club, which still has its headquarters in Spartanburg).

With about 350,000 members across the country, Phi Beta Kappa today sponsors numerous programs to encourage scholarship and learning, including the Phi Beta Kappa Book Awards and the visiting scholar, academic fellowship and leadership programs.

For these reasons, Phi Beta Kappa Day at Wofford has institutional significance, as well as being especially memorable for the new members, each of whom will receive the traditional Phi Beta Kappa watch key or pin.

## THE CAROLINA PANTHERS

The Carolina Panthers have held training camp at Wofford since their inaugural season in 1995 and it will be held on campus until at least 2019. The camp provides Wofford tremendous national exposure and visibility. Media members that visit Wofford during the camp include ESPN, Fox Sports, NFL Network, USA Today and Sports Illustrated. Local print and television media from markets including Columbia, Charlotte, Raleigh/Durham/Chapel Hill, Asheville and Greensboro/Winston-Salem are on campus on a daily basis.

According to SI.com's Tim Layden, "as I like to think of it: Training Camp Heaven. Wofford is 70 miles west of Charlotte on I-85, and presents all the reasons why there is something special about taking the team on the road for camp. Three pristine, Bermuda-grass fields

## THE TERRIER SCULPTURE

A sculpture of a Terrier was unveiled on March 25, 2008 outside of the Student Life Building as a gift to Wofford College from the Class of 1956. The following is the text of an address given by Talmage Boyd Skinner, Jr., 1956, Chaplain Emeritus of Wofford College on the dedication.

The mascot of a college should, in large measure, represent the character of the place. In this Palmetto State, we are surrounded by a bevy of mascots. There are Gamecocks and Tigers, Bulldogs and a Rooster named Chanticleer, Indians, Paladins, Cougars, Valkyries, and one school has a sock for an ensign. There are Trojans, Pioneers, and Spartans, and various Cats and feathered creatures. In all the land, only two other schools are Terriers. Some will laugh when we affirm that we are the only true Terriers. Some chuckle when we are audacious enough to claim to be unique and even superior in so many aspects of being a college. The most arrogant of us will admit that there are many good colleges. We have even tried to copy some. I have always been a bit uncomfortable when we talk of another school being a – "flagship" that we need to emulate. Hey! We ARE the flagship! Forgive the pride of some old guys who have loved this little school for over half a century. Yes, we did not come to Wofford just to purchase an education; we joined Wofford. We were adopted into the family with a bond that cannot be broken. Many colleges claim to be family. We truly are.

Ours is a bond of shared experience hammered out on the playing fields against foes our size and those with more students than we have living alumni. It does not stop with athletics. The term "student athlete" has authenticity at Wofford. The bond is from a shared academic experience that is not content just to pass on socalled facts, but prepares students to think and to continue to grow. The "proof of the pudding" is in the doctors, lawyers, college presidents and professors, teachers, coaches, leaders in business and service - even in the ministry of the Church. A bond is created in the experience of the arts - the theater program, choral music, strings. One thing we lack - a band - not just the band class that plays well once or twice a year, but a BAND for spirit and musical experience. A bond is created through service programs and the physical arts witnessed by so many exhibitions on campus. Not the least is a religious life program that is open and tolerant, that walks with students seeking answers and helps them first learn to ask questions.

We, the Class of 1956 present this Terrier to our college as a symbol of Wofford Spirit in all aspects of this place like no other. We want to add to the tradition of this sacred ground. We want to remind the present Wofford that there is a past on which she stands and remind all of us
